### § 532.265 Special wage schedules for apprentices and shop trainees.

(a) Agencies may establish special wage schedules for apprentices and shop trainees who are included in:

(1) Formal apprenticeship programs involving training for journeyman level duties in occupations that are recognized as apprenticeable by the Bureau of Apprenticeship and Training, U.S. Department of Labor; or

(2) Formal shop trainee programs involving training for journeyman level duties in nonapprenticeable occupations that require specialized trade or craft skill and knowledge.

(b) Special schedules shall consist of a single wage rate for each training period. Wage rates shall be determined as follows:

(1) Rates shall be based on the current second step rate of the target journeyman grade level on the regular nonsupervisory wage schedule for the area where the apprentice or trainee is employed.

(2) The entrance rate shall be computed at 65 percent of the journeyman level, step 2, rate, or the WG-1, step 1, rate, whichever is greater.

(3) When the WG-1, step 1, rate is used, the apprentice rate shall be increased by a minimum of 5 cents per hour for each succeeding increment interval until the rate obtained by this method equals the rate computed under the formula. No increase shall be less than 5 cents per hour.

(c) Advancement to higher increments shall be at 26-week intervals, regardless of the total length of the training period. Intermediate rates shall be established by subtracting the entrance rate from the journeyman

level, step 2 rate, and dividing the difference by the number of 26-week periods of the particular training term. The resulting quotient equals the increment for each succeeding rate.

(d) Agencies may hire at advanced rates or accelerate progression through scheduled wage rates if prescribed by approved agency training standards or programs.

(e) If the employee is promoted to the target job or to a job at the same grade level, the promotion shall be to the second step rate. If the employee is assigned to a job at a grade level that is less than the grade level of the target job, existing pay fixing rules shall be followed.

**§ 532.271 Special wage schedules for National Park Service positions in overlap areas.**

(a)(1) The Department of the Interior shall establish special schedules for wage employees of the National Park Service whose duty station is located in one of the following NPS jurisdictions:

- (i) Blue Ridge Parkway;

- (iii) Great Smoky Mountains National Park.

(2) Each of these NPS jurisdictions is located in (i.e., overlaps) more than one FWS wage area.

(b) The special overlap wage schedules in each of the NPS jurisdictions shall be based on a determination concerning which regular nonsupervisory wage schedule in the overlapped FWS wage areas provides the most favorable payline for the employees.

(c) The most favorable payline shall be determined by computing a simple average of the 15 nonsupervisory second step rates on each one of the regular schedules authorized for each wage area overlapped. The highest average obtained by this method will identify the regular schedule that produces the most favorable payline.

(d) Each special schedule shall be effective on the same date as the regular schedule on which it is based.

(e) If there is a change in the identification of the most favorable payline, the special schedule for the current year shall be issued on its normal effective date. The next special schedule shall be issued on the effective date of the next regular schedule that produced the most favorable payline for the NPS jurisdiction in the previous year.
